

VRE^{ŽE}

NOTRANJA VRATA

Notranja vrata za vaš dom.

Kjer se estetika sreča z vrhunsko kakovostjo

Podjetje VREŽE d.o.o. je specializirano za prodajo in montažo visokokakovostnih in estetsko dovršenih notranjih vrat za vsak dom.

Kot specialisti na svojem področju kupcem zagotavljamo hitro in zanesljivo svetovanje pri izbiri vrat in kakovostno montažo.

Odlikuje nas pristop, ki temelji na kakovostni izvedbi celotne storitve, s ciljem, da bodo izbrana vrata za kupca najboljša izbira.

V želji, da prisluhnemo potrebam kupcev, smo zasnovali lastni mobilni razstavni salon, s katerim kupce obiščemo na domu in tako olajšamo nakup.

Naše vrednote so zanesljivost, strokovnost, odzivnost in to so smernice, s katerimi stremimo k visokim standardom.

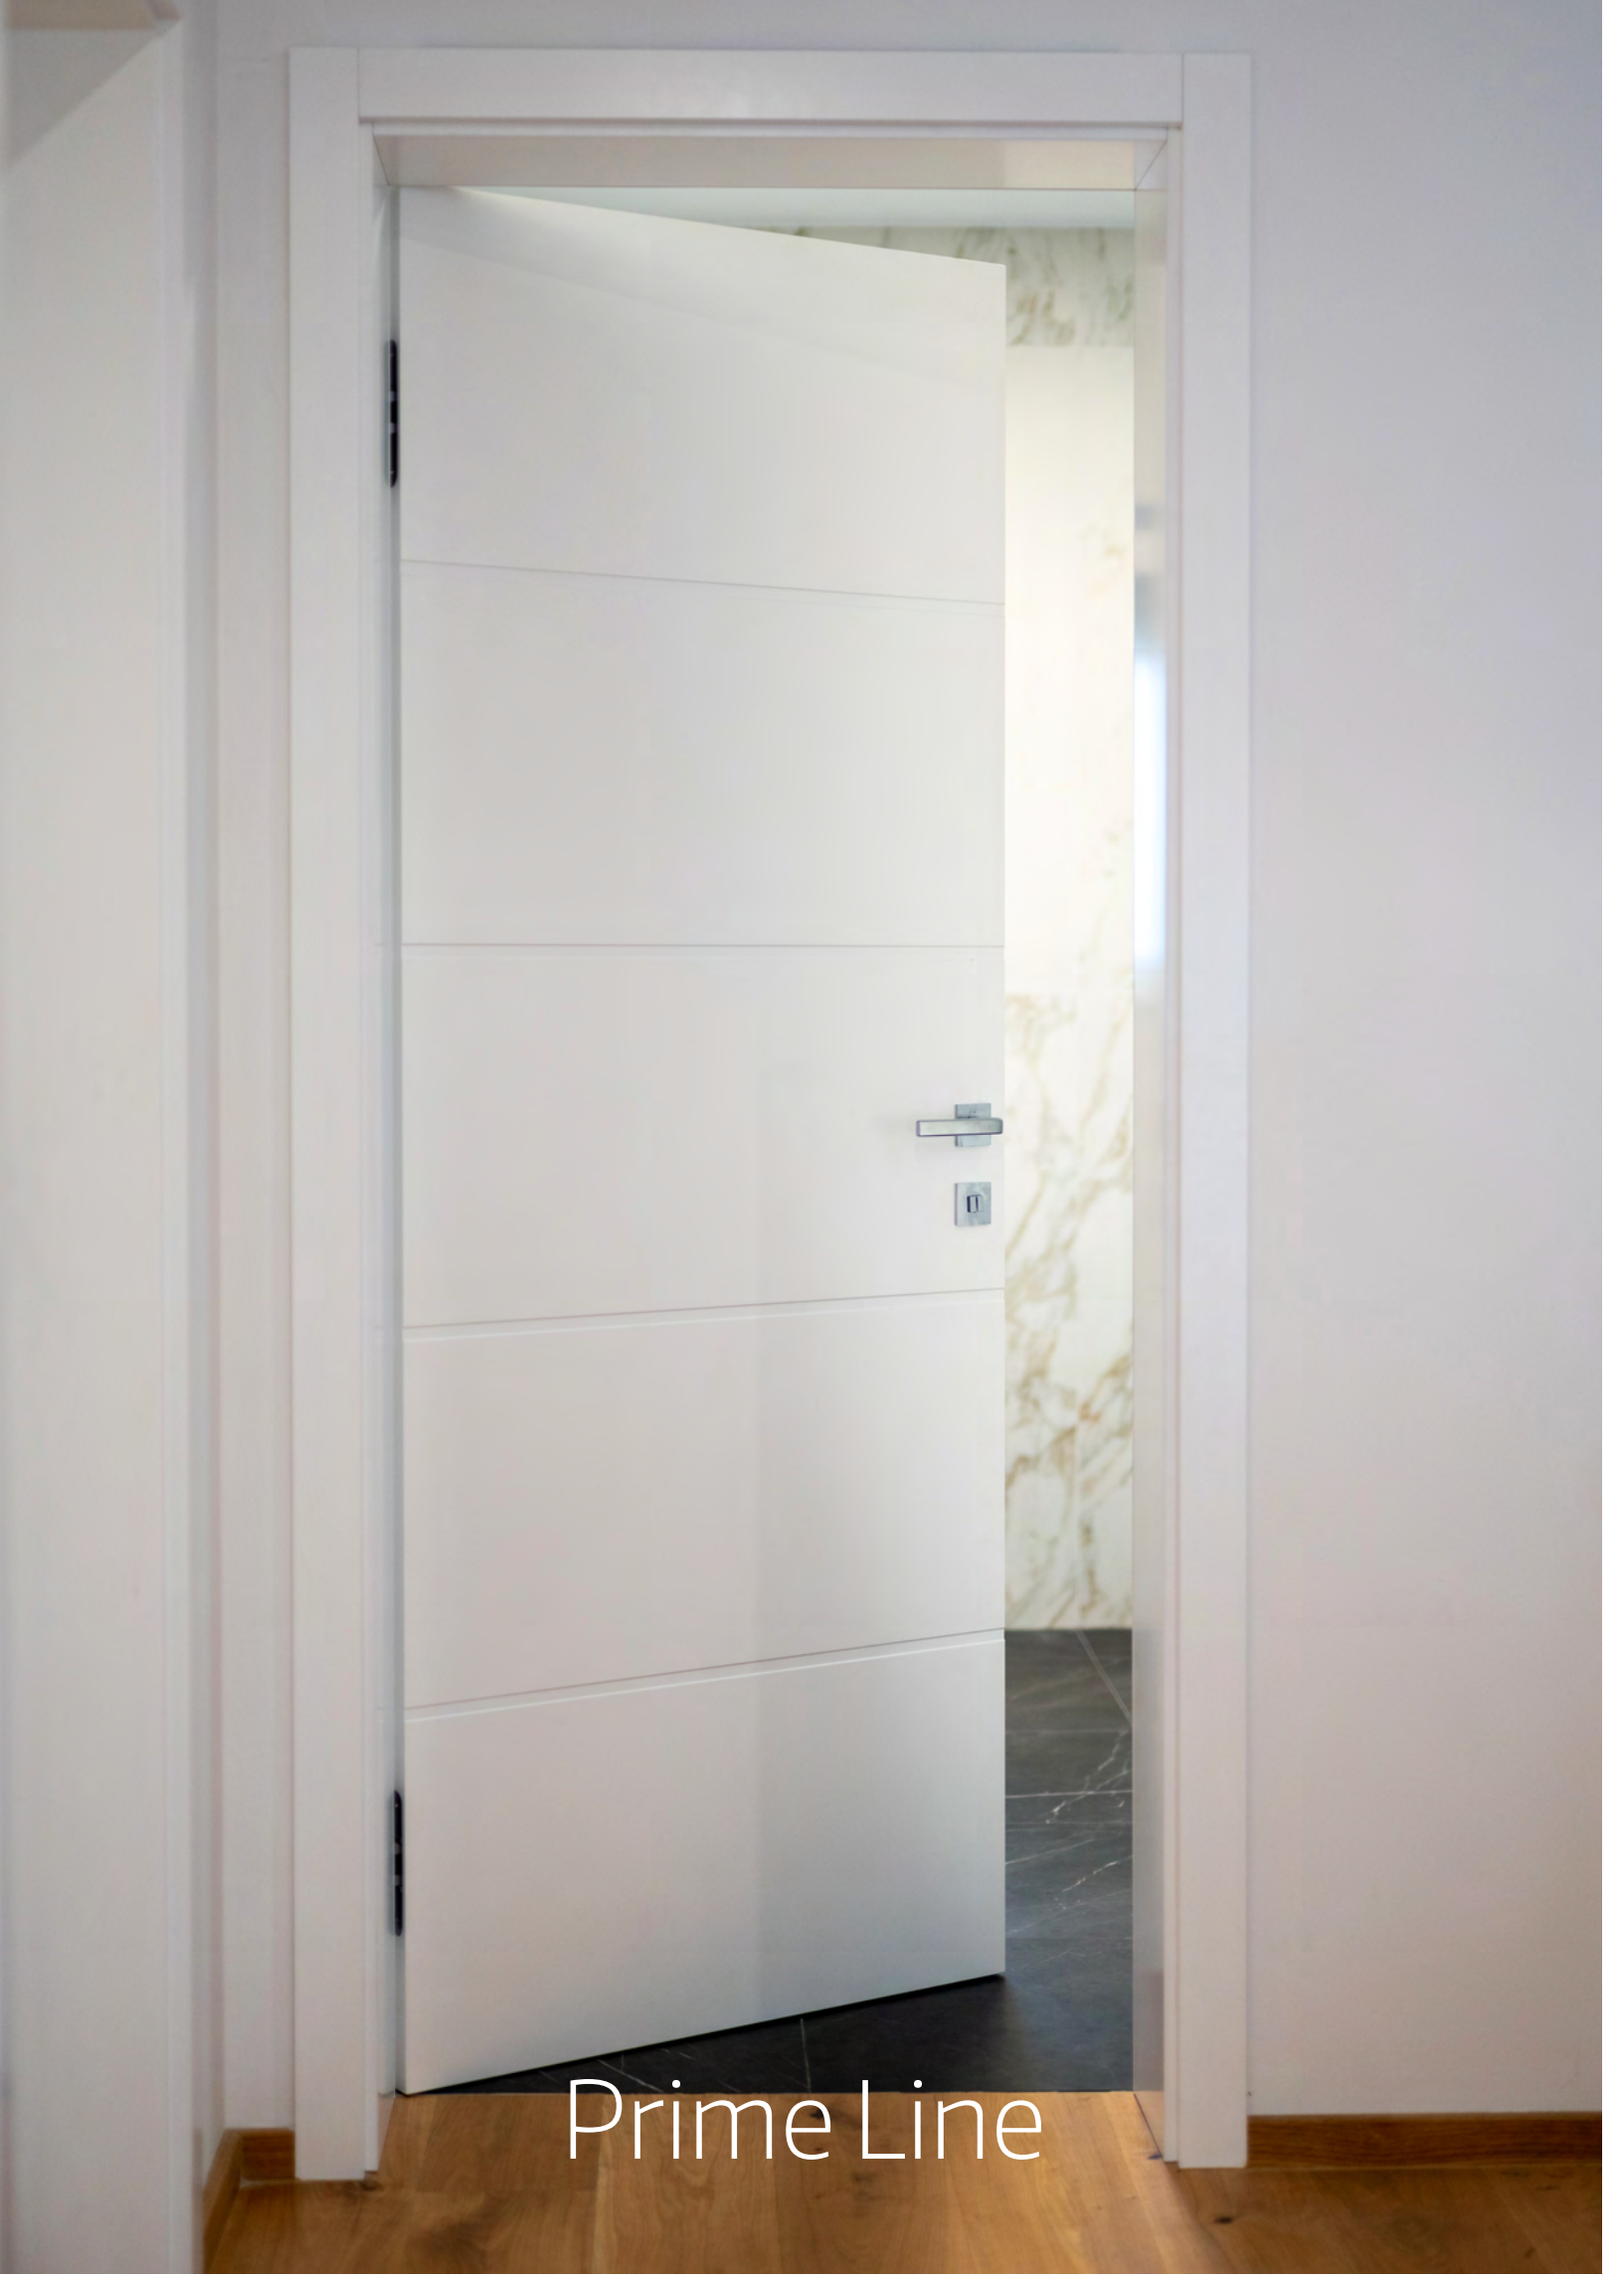

VREŽE d.o.o. specializes in the sale and installation of high-quality, aesthetically refined interior doors for every home.

As specialists in our field, we provide fast and reliable expert advice to help customers choose the right doors, along with professional installation services of the highest standard.

Our approach is based on delivering a complete, high-quality service, ensuring that every customer finds the best door solution for their home.

To better understand and meet our customers' needs, we have developed our own mobile showroom, allowing us to visit customers in their homes and make the selection and purchasing process more convenient.

Our core values are reliability, professionalism, and responsiveness. These principles guide everything we do and enable us to maintain the highest standards of quality and customer service.

Prime Line

Prime Line

Za linijo Prime Line je značilen klasičen lesen podboj, skrita nasadila in magnetna ključavnica. Izbirate lahko med različnimi vzorci, barvami in furnirji. Poleg klasičnega odpiranja imate tudi možnost izbire odpiranja v podboj, kar pomeni da sta krilo in podboj poravnana na stran hodnika.

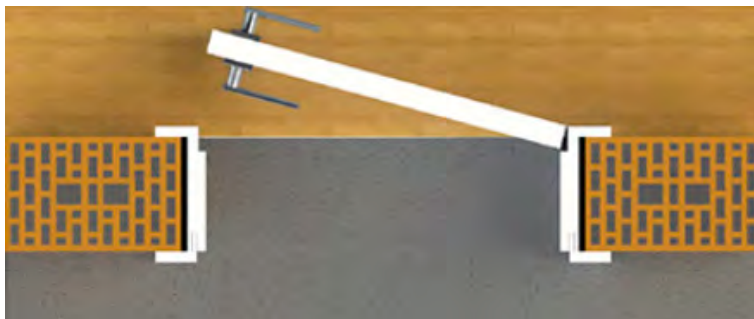

Prime Line is characterized by a classic wooden frame, concealed hinges, and a magnetic lock. You can choose from different patterns, colors, and veneers. In addition to the classic door opening system, you also have the option of choosing opening into the jamb. This means that the door leaf and frame are aligned with the corridor.

Magnetnoključavnica odlikuje izrednotiho zapiranje in natančnost mehanizma, ki vam ponuja prijeten občutek ob premikanju in zapiranju vrat. Skrita nasadila vas bodo navdušila z estetskim minimalističnim dizajnom, ki dodajo vašemu domu poseben pečat. Nasadila omogočajo, da so zaključne vratne obrobe in vratno krilo v isti ravnini, kar ima edinstven optični učinek.

The magnetic lock is extremely quiet, and the precision of the mechanism offers you a pleasant feeling when moving and closing the door. Concealed hinges will impress you with their minimalist aesthetic design, which adds a special touch to your home. They allow us to have the door frame and the door leaf in the same plane, which has a unique optical effect.

Sistemi odpiranja/Opening systems

Klasično odpiranje/Classic door opening

Klasičen videz notranjih vrat pri katerem je podboj viden na hodniku. Vratno krilo in podboj sta poravnana na stran sobe.

The classic look of an interior door where the door frame is visible in the hallway. The door leaf is aligned with the frame on the side of the room.

Opiranje v podboj/ Opening into the jamb

Odpiranje v podboj ponuja poravnano vrtno krilo in podboj na stran hodnika, pri čemer se vrata še vedno odpirajo v prostor. Izvedba omogoča vašemu domu tehnično dovršenost v povezavi z elegantnim videzom.

Opening into the jamb offers alignment of the door leaf and frame to the corridor side, while the door still opens into the room. The design gives your home technical perfection combined with an elegant appearance.

InvisibleLine

InvisibleLine

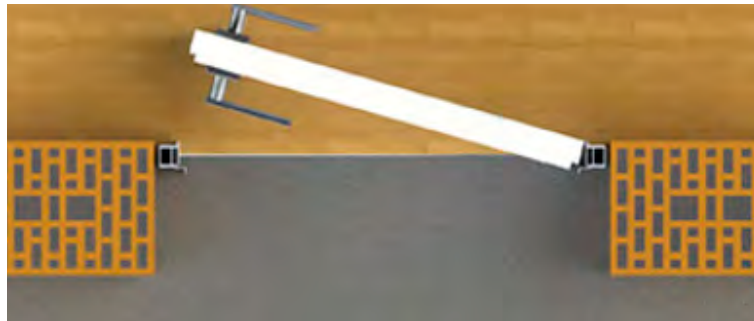

Notranja vrata s skritim aluminijastim podbojem, skritimi nasadili in magnetno ključavnico. Zalinijo InvisibleLine je značilne elegantne videz poravnane stene in vratnega krila s steno, pri čemer je podboj skrit v steno. Izbirate lahko med različnimi vzorci, barvami in furnirji.

Internal doors with hidden aluminum frame, concealed hinges, and a magnetic lock. The invisible line is characterized by the elegant appearance of the door leaf aligning with the wall, while the aluminum frame is hidden in the wall. You can choose from different patterns, colors, and veneers.

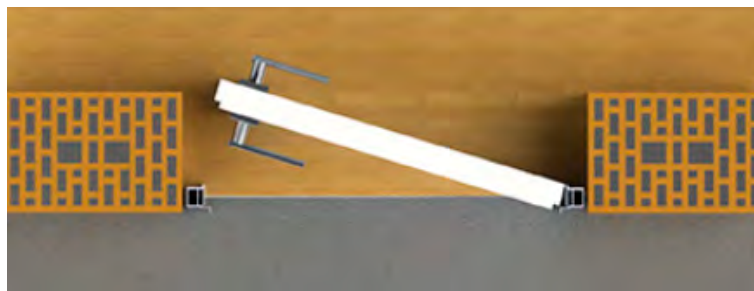

Sistemi odpiranja/Opening systems

Invisible Line Klasično odpiranje/ Classic door opening

Klasično odpiranje notranjih vrat s skritim alu podbojem, ki so poravnana na stran sobe.

Classic opening of the interior door with a hidden aluminum frame. The frame and the door leaf are aligned with the side of the room.

Invisible Line Odpiranje v podboj/ Opening into the jamb

Odpiranje vrat v podboj. Skriti alu podbojem in krilo sta poravnanim na stran hodnika.

Opening into the jamb. The aluminium frame and the door leaf are aligned on the side of the corridor.

MinimalLine

MinimalLine

Minimal Line vrata so v osnovi izdelana iz minimalističnega lesenega podboja, ki je obojestransko poravnano z zidom. Linija vključuje magnetno ključavnico in skrita nasadila. V ponudbi imamo velik nabor vzorcev, barv in furnirjev.

Minimal Line doors are made of a minimalist wooden frame, which is aligned with the wall on both sides. The line includes a magnetic lock and concealed hinges. We offer a wide range of patterns, colors, and veneers.

Za popoln videz notranjih vrat lahko barvo okovja prilagodimo vašim željam.

We uniquely adapt the color of the fittings to your wishes for a perfect interior door look.

Sistemi odpiranja/Opening systems

Minimal Line Odpiranje v podboj/ Opening into the jamb

Sistem odpiranja Minimal Line ponuja poravnano steno minimalnega podboja in vratnega krila s hodnikom, kar omogoča neprekinjeno povezavo prostorov za celovit prikaz njegovega značaja.

The Minimal Line opening system offers the alignment of the minimal jamb and door leaf with the corridor, which allows for a continuous connection for your home and a complete display of its character.

Entry Line

Entry Line

Notranjavnih vhodnih vrat s primerno zaveč stanovanjske objekta. S skrbno načrtovano zasnovo so konstrukcijsko nadgrajena in ojačana. Opremljena so s tritočkovnim zaklepanjem, skritimi nasadili, cilindrično ključavnico, talnim tesnilom in dodatno opremo, ki si jo lahko izberete v naši obsežni ponudbi.

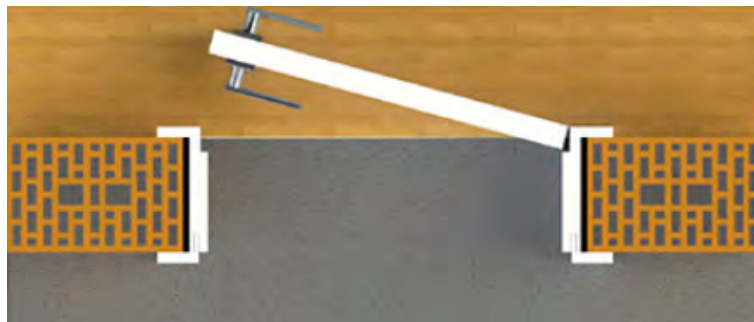

Entrance door suitable for a multi-apartment building. With a carefully planned design, they are structurally upgraded and reinforced. They are equipped with a three-point lock system, concealed hinges, a cylinder lock, a floor seal, and additional equipment that you can choose from our extensive product range.

Ojačana sredica, tritočkovno zaklepanje in cilindrična ključavnica predstavljajo kombinacijo varnostnih elementov, ki bistveno povečujejo stopnjo varnosti notranjih vhodnih vrat.

The reinforced core, three-point locking system, and cylindrical lock represent a combination of security elements that significantly increase the level of security.

Sistemi odpiranja/Opening systems

Entry Line Klasično odpiranje/ Classic door opening

Notranjavnih vrat Entry Line se odpirajo klasično. Linija je opremljena s tri točkovnim zaklepanjem, ki se nahaja na notranji strani vrat in je tako dodatno zaščitena pred morebitnimi zunanjimi mehanskimi poškodbami.

Entry Line interior doors open classically. The line is equipped with a three-point lock, which is located on the inside of the door and is thus additionally protected against possible external mechanical damage.
